

Skin Care for life inside and out™

## AQUAFUSE foamPeel

AQUAFUSE foamPeel is a very exciting skin care innovation. The rich, cosmetically elegant foaming product is formulated with AHA and BHA for exfoliation. AQUAFUSE foamPeel can be used during the first pass of a wet/dry microdermabrasion service, alone as a peel in a professional service, or at home.

---

### Skin Type:

All skin types.

### How to use:

#### Professional Use:

Can be used with technology in exfoliation mode, or with wet/dry microdermabrasion for a layered exfoliation. Use CLEANSE for cleansing, apply AQUAFUSE foamPeel, leave on for 1-2 minutes, follow with appropriate next step in protocol for device. Follow the bT-Ceuticals® regimen for skin type. May be used with any professional facial, accordingly.

#### Home Use:

Use CLEANSE, AQUAFUSE foamPeel, leave on 2 minutes, remove and follow with TONE, and then use the bT-Ceuticals® regimen appropriate to skin type and condition.

7	SHADE SPF 30	SHADE SPF 30	SHADE SPF 30

### Ingredients:

water, sodium lactate, sodium lauroylsarcosinate, glycolic acid, decylglucoside, betaine salicylate, panthenol, glycerin, xanthan gum, phenoxyethanol, lauramidopropylbetaine, aminomethyl propanol, ethylhexylglycerin, hexylene glycol, potassium sorbate, caprylyl glycol, disodium EDTA.

### Quick Selling Tips:

- AHA/BHA peel contains betaine salicylate and glycolic acid with a higher pH, which is easy to tolerate for even the most sensitive clients.
- It acts as a gentle keratolytic and dissolves excessive sebum and debris in congested areas, while providing hydrators to maintain a healthy balance and proper barrier functioning.
- AQUAFUSE foamPeel is efficacious, easy to use, and will be quickly absorbed in a matter of minutes. It is paraben and sulfate free.

**Ingredient Efficacy Studies:** Betaine salicylate
